

**Barker
& Co.**

BLF SERIES

BLF-59D

Barker has the blueprint for better bakery merchandising. Barker's innovative models are engineered for impulse purchases. Refrigerated or dry self-service cases show off fresh-baked bread or keep champagne cake on ice. Barker's precision craftsmanship makes products and profits look good.

Barker's service and self-service units are flexible, in layout and merchandising. Select from a wide range of sizes, colors, features and styles. Choose lighted shelving that puts lemon chiffon in the limelight, or high-volume, lift-front units that cater to convenience. Other traffic-enticing options include full side mirrors, mitered glass and accent stripes. *Barker customizes to meet your marketing needs.*

BDC SERIES

BDC-59S, BDC-36CS, BDC-59D

Barker Builds Visibility

Barker sells. Eye-catching displays draw attention to your products. Attractive cases, appealing presentation, high-volume units and maximum facing yield more "buy now" sales power. Choose from numerous, noticeable styles. *Barker builds visibility into every case.*

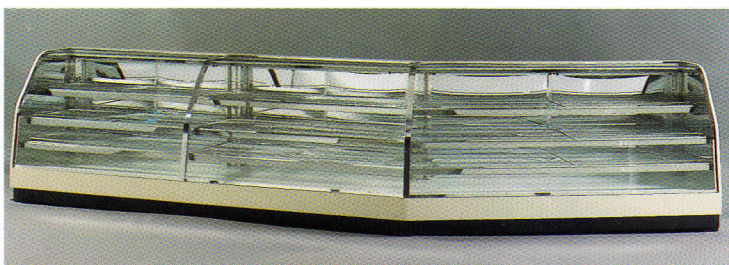

CT SERIES

CT-10

Barker Builds Quality

Barker perfects. Barker combines precise engineering with old-style craftsmanship. Each case reflects attention to detail and pride. Cases are carefully constructed, from innovative rustproof components to sleek edging.

The result is solid durability and striking design. *Barker builds quality into every case.*

Barker Builds Versatility

Barker listens. Barker believes in "customer-driven" design. We apply our manufacturing expertise to your marketing challenges. Features important to you are important to us. That's why visibility is high, accessibility is easy, defrost time is limited and air flow is controlled. Customizing is fast and flexible. *Barker builds versatility into every case.*
