

If you want to get ahead ...

If you want to win the race, run with the company that sets the pace. Sprint is a recognized leader in every respect — from advanced technology to workplace diversity to community service and support.

The company that built the world's most advanced, least complicated fiber-optic telecommunications network continues to advance new products, new services, new ways to help people reach *their* goals ... to win *their* races.

Whether it's developing new products ... building high-tech networks ... or providing superior communications for businesses, families and friends ... Sprint is committed to first-place leadership. That's what makes it a good place to work and a good company to rely on for clear communications. So look into the great career opportunities at Sprint ... fax us your resume today, and take the lead.
